Suite 240
Vancouver, WA 98661

Dear Mr. Hardesty:

The Department of Ecology (Ecology) in concurrence with the Environmental Protection Agency (EPA) has determined that you have completed the implementation of the approved closure plan for Building 39 and 17 at the Columbia Business Park. To complete the closure activity you must now submit to EPA and Ecology a revised notification for EPA ID Number WAD980979751. If you wish to maintain the ID number; the revised notification should indicate that your new status is generator only. This will require that you file an annual report with Ecology. If you wish to withdraw your ID number you should indicate this in the revised notification.

This letter in no way relieves you from future compliance with applicable regulations administered by Ecology and EPA at this facility. Further, it does not relieve you from closure requirements at Building 5.

Should you have any questions about the requirements of this letter, please contact Jack Boller at (206) 753-9428.

Sincerely,

Howard R. Steeley, P.E.
Regional Supervisor
Solid and Hazardous Waste Program
